Subject: Cordial Invitation to Euro-Asia Economic Forum 2013, Xi'an, China

Invitation to Euro-Asia Economic Forum (EAEP) 2013
Theme: From Concrete Collaborations to Mutual Booming
Time: September 26-28, 2013
Venue: Xi'an Qujiang International Conference Center, China
Website: <http://www.euroasiaforum.org/>

Embassy of the Republic of Turkey ,

With the support of Shanghai Cooperation Organization (SCO), 19 Chinese Ministries, and approximately 20 overseas and domestic NGOs, hosted by the Xi'an Municipal Government, Euro-Asia Economic Forum (EAEP) 2013 will be held at Xi'an Qujiang International Conference Center, China during September 26-28, 2013. And the theme of the forum is "From Concrete Collaborations to Mutual Booming". On behalf of the Executive Committee Office, we cordially invite you to be one of the Distinguished Speakers of **Forum 2: Euro-Asia Regional Energy Round Table & Industrial Leadership** at the EAEP 2013. For more information of this forum and EAEP-2013, please log on the website at: http://www.euroasiaforum.org/Program_Energy_List.asp.

Initiated and promoted by the SCO member states, and with approval of Chinese government, Euro-Asia Economic Forum is designed to be a high-level international conference geared to the needs of the vast Eurasian region. Since it was launched in 2005, three editions of the forum have been so far successfully convened. Mr. Wu Bangguo, Chairman of China's National People's Congress, Mr. Jia Qinglin, Chairman of the National Committee of the Chinese People's Political Consultative Conference, Mr. Xi Jinping, Current Chinese President, and leaders of other Eurasian countries once attended the forum and delivered speeches successively.

With profound changes in the world's economic structure and the close of the 18th People Congress of CPC, China is stepping into a new historic period. In such critical times and with 10 years being in operation, Euro-Asia Economic Forum 2013 will be one of the most glorious economic forums in the world. This forum will launch strong wave debates on how to stimulate the concreted collaborations and sustainable development between European and Asian Countries and to explore new solutions for mutual economic growth.

The aims of the forum will be the formation of Euro-Asia inland economic structure, translating economic collaboration policies and potentials of SCO into real outcome and to advocate and promote the unification of Europe and Asia Economic Zones to meet the challenges of economic risks and difficulties. At the Beijing Summit of SCO in June 2012, all member countries recognized our current working focus shifting from legal mechanism establishment towards promoting real collaborations in all economic standpoints.

EAEF 2013 hopes to promote mutual economic prosperity by discussing fundamental topics to reach a series of agreements on how to enhance mutual sharing of: infrastructure constructions, trade promotions, joint-ventured demonstration parks for systematic explorations, investment liberalization & facilitation, and collaboration in fields of energy, finance, science and technologies, emerging industries, non-resource development and the people's livelihood oriented industries.

Euro-Asia Economic Forum 2013 will be fully committed to keeping a high standard for all invited members and delegates, and outweigh previous years by inviting:

- One Standing Committee Member of CPC
- 5-8 Presidents, Vice Presidents or Premiers, Vice Premiers from Member Countries of Shanghai Cooperation Organization and 2-4 Ex-Presidents or ex-Premiers of European Countries
- 30+ Ministers of Euro-Asia Countries
- 30+ Representatives of International SCO and NQOS
- 20+ Ambassadors of Euro-Asia Countries in China
- 1000+ Domestic and Overseas Distinguished and Top Economic and Industrial Leaders, and Experts in areas of Finance, Energy, Education, Tourism, Culture, Heritage Protection, Eco-Protection, Science & Technology, Business Development and Investment.

We hope that you can fully benefit from this prestigious invitation and take part in such an exceedingly important economic forum for Euro-Asian regional economic cooperation and common development in Xi'an this September. It will be a pragmatic and fruitful meeting and become a memorable historic, cultural, green and ecological journey for you. In addition, we hope that you can take advantage of this exceptional opportunity for business networking, an industrial field trip or perhaps lectures at a famous local university in the coming golden season.
