Head of Commercial & Economic Section
Foreign Embassies in Korea

December 23, 2013

Dear Sirs / Madams,

I would like to take this opportunity to extend my sincere appreciation for all your efforts and supports given to KOIMA recently.

As you are well aware, KOIMA is dedicated to facilitating imports into Korea to create balanced trade between our two countries. Furthermore, it has been strengthening cooperative ties with foreign governments and export promotion organization by building up networks for the import promotion since its establishment. It is our hope that KOIMA's effort to expand mutual benefits will serve as a good example of economic cooperation between our two countries.

As Korea's trade volume in global market has been increasing, Korean government has recognized the importance of promoting import and also supported Korean companies for importing high-quality products from all over the world. Accordingly, KOIMA is going to build the 'Import Database' for matching Korean Importers with recommended foreign manufacturers and exporters in the globe.

For these reasons, we kindly request your embassy's support for the successful procedure. If you offer us detailed information of the competitive manufacturing and exporting companies in your country, we would like to support your country's exporters and manufacturers through matching the business with Korean Importers.

I wish to thank you for your kind cooperation in advance.
