SOUTH AFRICA INVESTMENT FORUM SPONSORSHIP OPPORTUNITIES

BENEFITS OF SPONSORSHIP

The **South Africa Investment Forum** is an ideal occasion to establish prospective **business relationships**, engage key **industry players**, and further **grow your business** in this Tier 1 frontier market. The South Africa Investment Forum will be promoted to thousands of business, financial, industrial executives as well as key South African government trade and industrial development organisations, through pre and post event marketing. A copy of the conference proceedings will be sent to the President's office. Your presence in this international conference in the financial capital of South Africa will allow your organization to be recognized as a major Corporation committed to growth and development of a sustainable 21st century South African economy as it enters a new phase in the transition from the Apartheid era to a mature emerging market economy. It will be exposed to more than 300 business, financial, investment and government figures who are anticipated to attend the conference. This event allows your company first mover advantage to engage with some leading Government Ministers and agencies responsible for trade, finance and investment in the newly elected Government. Space and sponsorship opportunities will be exclusively limited.

Sponsorship of The South African Investment Forum will ensure attendees and decision-makers recognise and appreciate your brand and is an excellent opportunity to **enhance your presence** at the event. Sponsorship confers distinct advantages including **private meetings** with senior South African government officials, as well as **speaking opportunities** in one of the event plenary sessions.

KEY BENEFITS OF SPONSORSHIP

■ Branding

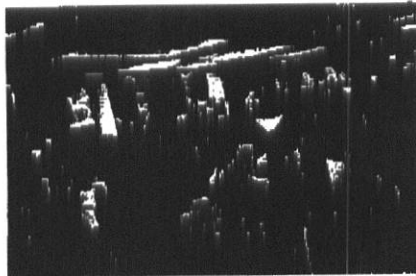

Promote your brand before, during and after South Africa Global Vision 2030

Strategic logo placements:

- Event website
- All printed marketing material (pop-ups, banners, flyers, posters etc)
- Electronic marketing including dedicated e-mail blasts
- Exclusive South Africa Vision 2030 Post-Conference Report

■ Speaking Opportunities

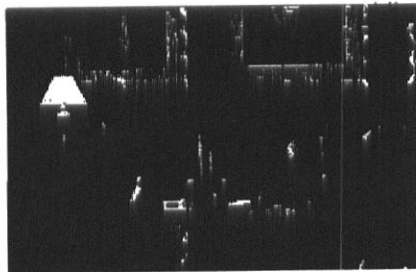

Present your thought leadership to global professionals, corporate leaders, and Tier 1 investment professionals.

Opportunities include:

- Keynote presentations in an exclusive plenary session
- Panel discussion alongside leading South African government officials, financial experts, HNW investors, and others
- Dedicated company-led workshops and interactive sessions

■ Gain Exposure to Key VIP's

Present your business plan through pre-arranged 1-2-1 meetings with select government and industry professionals

- Showcase your company's expert products and services
- Raise your company's profile in front of top decision-makers
- Demonstrate your commitment to investing in South Africa
